# Topstyle WIDE

Wider and longer 1-strip boards in European Oak

**picture: an example for TopstyleWIDE  
with following surface:**

colour: Milano/ no.06  
treatment: brushed surface  
remark: grading WERK; natural deviation in color of a smoked oak  
with further reaction & final oil application

Product sheet 2016

# Topstyle WIDE

## Characteristic:

1-strip boards in bigger dimensions. Falling widths up to 300 mm and lengths up to 2.800 [mm]

## Assortment:

Beside of the livid WERK-grading, which is indicated by knots, filled cracks, and no sapwood, we offer also the grading PRIME, which means a more quiet appearance predominantly free of knots.

## Dimension:

17/5 x falling widths approx. 180 – 300 x falling lengths approx. 1.800 – 2.800 [mm]. At the grading PRIME, the different widths are from 180 to max. 280 mm.

On request, we can manufacture also in fixed width.

**Construction:** 5 mm toplayer above 12 mm birch-plywood

## Surface:

- **Colour:** All existing colours from the Topstyle range
  - On special request we are adapting colours required by our clients for projects > 100 m<sup>2</sup>
- **Treatment:** Standard in brushed surface.  
Option: following treatment on the surface can be done in addition:
  - COLLIN (= natural dried surface with slightly marks of bandsaw)
  - Handscrapped
  - „Sawnmark“ (= done artificially crosswise to the surface)
  - „Relief“ (=heavily brushed)

## Profile and further information:

- Tongue& groove on 4-sides with microbevel on longside
- FSC (as an option)- no.: TT-COC-005277
- Certification according to German emission law: Z-156.607-1362; it means that our product are prooved and controlled in keeping a safety limit vs. toxical emissions and VOC
- Fire resistance category according to EN 13501: Cfl-S1
- Thermal resistance R: 0,12 [m<sup>2</sup> x K/ W]
